Credit Card Number _____ Expires ____/____ CVV ____ (on back of card)

I certify that I hunted or acquired this trophy in an ethical, lawful, fair-chase manner, and according to Rowland Ward Ltd.'s Guiding Principles and that Rowland Ward can use my photos for publication.

Signature _____ (Official Use Only ____/____)

Method 6

Walrus, Water Deer, Musk Deer

Length: Measure the length of the tusks on the outer curve from the base to the tip. (L) Typically the base is uneven, card off at a 90% angle to the axis of the tusk to find the farthest point to start the measurement. (Figure 1 and 2)

Circumference: Measure the circumference of the tusks at the base at a right angle to the axis of the tusk. (C) The tape may not bridge any air gaps over the jagged end of the tusks. If there are any grooves in the teeth, the tape measure must span the grooves; the tape measure must not be pressed into any depressions. (Figure 2)

Comments (Note trophy repairs, remeasuring, and so on, here):

If you want your certificate, book or plaque shipped to a different address enter it here.
