**Length:** Measure each horn on the top side. **(L)** Start at the center of the boss at the point where the horn curls downward—do not measure any hide or skull—and follow the center of the horn/grain to the horn tip

**Width:** Using a caliper, measure each horn at the widest place that is parallel to the center of the skull. Do not measure “green” or “soft” boss material. **(W)**

**Greatest Spread:** Measure the greatest spread. **(G)**
